

Improve 64 to be Advertised June 18

FLOYD COUNTY, Ind. (June 13, 2025) - The Indiana Department of Transportation (INDOT) expects the formal advertisement of the [Improve 64](#) design-build low bid (DBLB) project on June 18, 2025.

The Contract Information Book (CIB) will be posted on INDOT's [Contract Letting information webpage](#) and the Autodesk Construction Cloud (ACC) project site. Reference Information Documents (RID) are available on the ACC project site. Interested proposers should identify their authorized representative to request access. Requests should be sent to [Burleigh Law](#). The email should include:

- Authorized representative
- Designated individual authorized to submit communications
- Major team members, including the lead engineering firm
- Names and email addresses for team members who will access ACC

Interested parties who have identified themselves and submitted the email as described above will be provided access to the project site on ACC.

Mandatory Pre-Bid Meeting & Optional One-On-One Meetings

A mandatory pre-bid meeting and utility forum, with the impacted utilities, will be held on June 24, 2025, to share more information about the project:

Tuesday, June 24, 9:00 a.m. ET
INDOT Seymour District Office
Upstairs Large Conference Room
185 Agrico Lane
Seymour, IN 47274

One-on-one meetings with interested proposers will be scheduled the same day following the presentation, by request. A single request should be submitted for each team. Please send meeting requests to [Kyanna Wheeler](#) or [Dan Thatcher](#).

Improve 64 will reduce congestion as well as improve safety and mobility along I-64 in Floyd County. The project includes additional travel lanes, interchange reconfigurations, and replacement and rehabilitation of bridges and pavement. Construction letting is scheduled for November 2025.

Additional project information can be found at www.improve64.com.
